

Low Incidence: Communication Tier 2 – District Teams

October 27, 2016

8:30 a.m. to 3:30 p.m. (CDT)

Workshop #024-17

GRREC Office & Training Facility • 230 Technology Way • Bowling Green 42101

GRREC Special Education Division is pleased to present this Communication Tier 2 training for District teams. Team members should include the MSD Teacher and Speech Language Pathologist, as well as other staff such as Occupational Therapists, Physical Therapists, district Consultants, etc.

About the Presenter...

Dr. Kearns is Project Director at the University of Kentucky's University Center for Excellence in Developmental Disabilities, the UK Human Development Institute. She serves as the PI for TAALC, a project to support students with disabilities to build competence in communication. Dr. Kearns is a certified educator and has many years of experience with students who have multiple disabilities. She is recognized as a national authority on assessment and research with students in the Alternate Assessment, and she provides professional development for teachers serving this population at a state and national level.

Learning Targets:

- Teams will be able to identify students who need communication intervention
- Teams will be able to develop problem solving skills related to the communication skills of target students
- Teams will be able to consider strategies for monitoring student progress across the grade span
- Teams will be able to implement coaching strategies to support implementation of communication
- Teams will be able to identify ways to acquire low cost AAC systems for loaning and trial purposes
